SSS is able to provide:

- Plan approval with the Yard / Classification Society
- Accurate selection of Makers, taking into account needs of the ships in service
- Site Supervision, using expert people provided with all the necessary equipment, for:
  - a. steel blocks and relevant outfitings
  - b. pipes
  - c. blasting and painting
  - d. tests in the building Yard and at the Makers' premises (for al the equipment such as boilers, pumps, machinery in general etc.)
  - e. shop trials and sea trials
  - f. contact with Buyers for any matter arising such as modifications, extras, etc.
- Post delivery activities, such as handling of the guarantee period with the Yard and Makers, handling of claims from the vessels in service, surveys on board and planning of maintenance / repairs as necessary etc.
